Be Used To

Example: When Sofía first moved to England, she wasn't used to driving on the left, and she nearly had an accident.

We use **be used to + noun or -ing form** to say that a thing or an activity that was once unfamiliar to us is now familiar. It can be used in different changes by changing *be*.

Get Used To

Example: My younger sister Amanda doesn't like animals, but she is getting used to having my pet dog around.

Get used to + noun or -ing form refers to a thing or action that is becoming more and more familiar. We change the form of **get** to make different tenses.
