

Escola/Colégio:

Disciplina: **QUÍMICA**

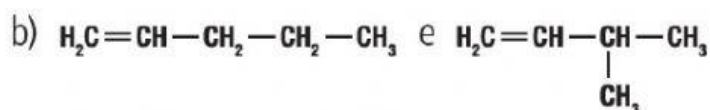

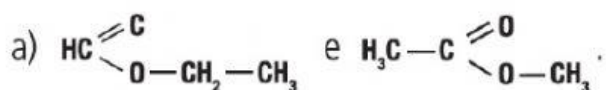

Ano/Série:

Estudante:

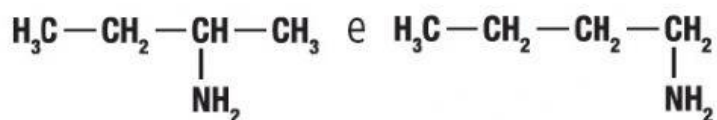

1. Lique os pares corretos:

2. (Mack-SP) Dentre as substâncias formuladas abaixo, as que apresentam isomeria de função são:

3. (Mack-SP) Entre as aminas:

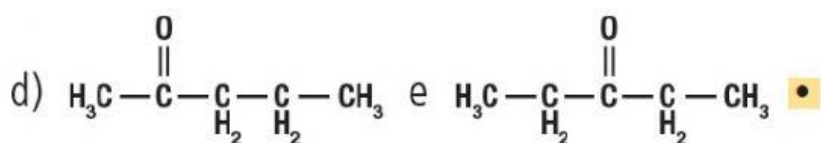

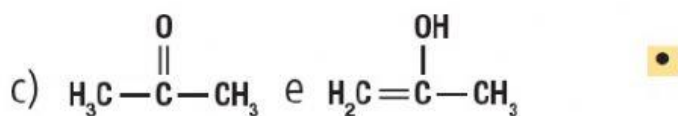

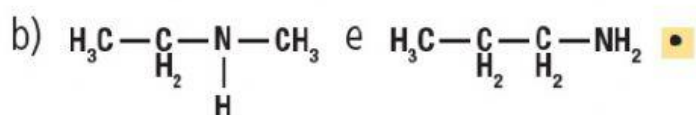

ocorre isomeria

- a) de função.
- b) de cadeia.
- c) de posição.
- d) *cis-trans* ou geométrica.
- e) de compensação ou metameria.

2

4. Qual o tipo de isomeria plana que ocorre em cada par?

• Tautomeria

• Isomeria de posição

• Isômero de cadeia

• Isômero de função

5. (UFRGS-RS) Assinale, entre as seguintes substâncias, o que pode apresentar isomeria espacial.
