Word Problems

Read each problem. Write the equation on the line then solve.

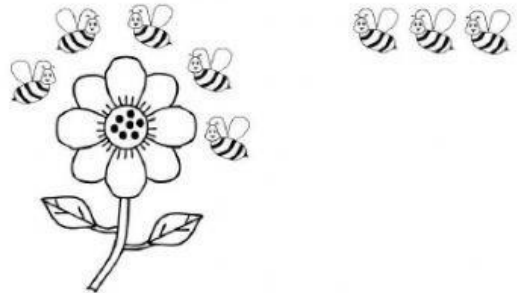

1. 4 birds in a tree.
3 birds join them.
How many in all?

$$\underline{\quad\quad} + \underline{\quad\quad} = \underline{\quad\quad}$$

2. 5 bees on a flower.
3 bees fly by.
How many in all?

$$\underline{\quad\quad} + \underline{\quad\quad} = \underline{\quad\quad}$$

3. 2 ducks in a pond.
3 ducks on the sand.
How many in all?

$$\underline{\quad\quad} + \underline{\quad\quad} = \underline{\quad\quad}$$
