Review of Sophie's Crepes – by Ranya

Sophie's Crepes sells dessert and creperies. They have a lot of kind of crepes. They can make meal crepe and dessert crepe to you. The best of crepe for me is chocolate whipping cream banana with ice-cream. It is very delicious and looking is very nice. The whipping cream is very smooth and softy. Don't shock when you see a lot of people stand in front of there. The place is packed all the time. People are coming from everywhere to eat at Sophie's Crepes. Anyway, you can eat crepe because they can make crepe very fast. At that time, I went there in the afternoon on Saturday, Many people stayed waiting to eat it. But i just waited about 15 mins to got it. I recommend Sophie's Crepes to you ... It is the best place to take friends. You have to try !!! It is sooo good !!!
