In the (1) world of ideas, loyalty is an easy value to believe in. People who (2) loyalty say that if we always (3) to basic principles, we will (4), or strengthen, standards of good behavior. Dissenters oppose this idea and say that we must consider both sides carefully and (5) before deciding what is the most (6) and moral thing to do. One thing is clear, we must think about our loyalties before they are tested. Otherwise, when difficult (7) occur, we may just respond (8) to them, feeling too hopeless or confused to do the right thing.
