

## Reading

I just got back from the best summer vacation! It was so fantastic that I never wanted it to end. I spent eight days in Medellín, Colombia. My best friends, Alana and Math, were with me. We had a beautiful room at the Dann Carlton hotel, and it wasn't even expensive. We had a balcony with a wonderful view.

We visit many famous tourist places. My favorite was the Arvi park, a well-known park. I was always interested in nature, so it was a special gift for me. The park is so big that you could spend days there. Math got tired of walking through the museum and said, "Enough! I need to take a break and rest." We wanted to go to Guatapé to visit El Peñol, but we couldn't because Laura is afraid of heights and didn't want to climb so high.

We took many breaks and sat on the different benches that were along the way. The Colombian food we ate was delicious. Finally, we could try the famous paisa tray. Laura's favorite part of the vacation was the hotel breakfast. She said she would be happy if she could eat breakfast like that, she said that the best are the corn arepas and the hot chocolate. We had so much fun that we are already talking about our next vacation!

Right, my name is James, I'm from Canada and it was nice talking to you.
