Forget about tennis, swimming or skiing. Walking is the easiest and cheapest way to stay fit. It's free, you don't need special clothes, you don't need a trainer or a special place. Anybody can do it any time: young people, older people, alone or in groups. OK – perhaps it's not really a sport, but it's the most popular physical activity and one of the best ways to stay healthy. Walking is good for your heart and your legs; regular walkers say they sleep better and feel happier; and smokers say they don't smoke so much. There are walkers' clubs all over the world. Join one – walking is a great way to meet people and make new friends.
