

Mathematics Worksheet

Name: _____

Date: _____

Stem and Leaf Plot Activity

Of a group of 24, nine boys are in the Grade 6 class. When the results came back from the exams, the scores for these boys were as follows:

52, 93, 56, 97, 86, 11, 19, 56, 62

1. a. Organise the data then draw up a Stem and Leaf plot to correctly show the data given.

<u>Stem</u>	<u>Leaves</u>
-------------	---------------

Shade to indicate the **answer** for the math questions relating to the Stem and Leaf plot.

- | | 11 | 56 | 86 |
|--|-----------------------|-----------------------|-----------------------|
| b. What is the median of the data shown above? | ☐ | ☐ | ☐ |
| c. What is the mode of the data shown above? | ☐ | ☐ | ☐ |
| d. What is the range of the data shown above? | ☐ | ☐ | ☐ |
