

WILD WEATHER

COMPLETE THE CROSSWORD. THEN, WRITE THE NAMES UNDER THE PICTURES.

DOWN:

1. A covering of tiny ice crystals on a cold surface.
4. A mass of snow, ice, mud or rocks falling rapidly down a mountain.
6. A mountain that opens downward to a pool of molten rock below the surface of the Earth.
8. A very large ocean wave caused by an underwater earthquake or volcanic eruption.

ACROSS:

1. Tiny drops of water floating on the air near the ground.
2. A heavy fall of rain or snow often with strong winds.
3. A shaking or movement of the Earth's surface.
5. Curling falls of water moving in from the ocean.
7. A violently rotating column of air extending from a cloud to the ground.
9. A bright light in the sky produced by electricity moving between clouds.
