### HOW TO BE A GOOD CITIZEN

Hi, I'm Haley. In my view, we can all be good citizens. It's not very difficult. One thing we can all do is learn about the world we live in by reading the newspapers and listening to the radio. We need to learn about other people's religions and beliefs so we can respect them. We also need to be aware of the problems people face in other countries. We need to help people who are affected by earthquakes and other natural disasters. For example, we can raise money for them. You can do this by making and selling cakes or biscuits or even selling some of your own possessions which you no longer need. Good citizens make the world a better place and being a good citizen makes us feel better about ourselves.

### How to be a Good Citizen

Hello. My name is James. In my opinion, to be a good citizen, you need to look after your environment. This sounds boring, but it can be enjoyable. Picking up rubbish in the park can be fun if you do it with your friends. Cleaning graffiti off walls is also something you can do with your friends. Another thing you can do to protect the environment is to recycle your drink cans and your plastic bottles. It's easy to forget and throw them away. Finally, I think we need to be good neighbours. Always be nice and smile at your neighbours when you see them. If you have elderly neighbours you can offer to help them out with their household chores.
