### Reading Comprehension

## The Rooftops TIME CAPSULE

### Dear readers from 2060

My name is Tara and I'm 12. My friends Ben, Dex and Luis helped me make this time capsule. Lots of people from our community sent us objects and ideas to put inside. We hope you enjoy our time capsule.

The first thing you'll find is a photo of the four of us aged 12. In 2060, when you are opening this, we will all be really old! Dex will be an astronaut and he'll have a big grey beard! Luis will be a vet and he'll be famous for saving animals in the Ecuadorian rainforest. Ben won't have a beard, and he won't be famous, but he'll still be my best friend!

There is a CD of our favourite singer. I don't think you will have CD's in 2060, and you won't know who Taylor Swift is! If you have a CD player, try listening to this CD. It's great! This is the CD which Taylor autographed.

Also, there is a menu from our favourite café. I'm curious ... will food change a

lot by 2060, or will you still drink lemonade and eat chocolate cake like we do? The menu has got the prices on too. A burger today costs £1.75, but how much will it cost in 2060? Will you still use coins? I can't wait to find out!
