“Under pressure” (Queen and Bowie - 1982)
Understanding the lyrics

- Can't we give ourselves one more chance?
- It never rains but it pours
- Let me out
- Love dares you to care
- Love's such an old fashioned word
- Sat on a fence
- Turned away from it all like a blind man
- We're cracking
- Why can't we give love?

What words from the lyrics match the following definitions?

1. *chiefly British, informal* —used to say that **when** something bad happens other bad things usually happen at the same time _____
