Hi Johanna,

I'm sitting by Jenny's bed in the hospital. She's sleeping now so I'm writing emails.

Jenny was playing with her friend at the neighbour's when I texted her to come for dinner. She was walking across the busy road with her bicycle when an SUV hit her. The driver stopped immediately and called 9-1-1. He was very sorry and promised to buy Jenny a new bicycle.

Fortunately, the doctor says that she isn't badly injured, but he wants to keep her in overnight to make sure.

Sorry I won't see you at book club tomorrow, but I hope you have a good week.

Margaret
