Hi Robert,

How are you? I hope you are well. It's getting cooler here and I'm really looking forward to the winter and playing outside more. What's the weather like in England?

We're starting a new topic at school all about animals. I studied endangered animals last year and it was very interesting. I learned about lots of extinct animals like dodos and quaggas. They became extinct because they were hunted but now I think the main dangers to wildlife are pollution, accidents and loss of habitat.

I think loss of habitat is a very important issue now. There are flamingoes and some rare birds living on the beach near my house but next year there is a plan to build a hotel there. I wonder what will happen to the birds when they lose their habitat. Are there endangered animals in England? How do you protect them?

This time we are going to learn a little bit about zoos and how they help protect rare species of animals. I think it will be interesting. Have you got a zoo near you in England? There isn't a zoo in Oman but there is a sanctuary for Arabian oryx at Jiddat Al Harasees. If you visit a zoo, please can you send me some leaflets or information?

That's all for now. Write back soon,  
Sami
