Fill in the Fact Family houses with the missing facts.

### Fact Family House

The image shows two 'Fact Family House' templates. Each house has a triangular roof and a rectangular body. The left house has a roof with the number 6 at the peak, 2 on the left side, and 4 on the right side. The right house has a roof with the number 7 at the peak, 5 on the left side, and 2 on the right side. The body of each house contains four math problems in boxes. The base of each house is decorated with a green lawn, red tulips, yellow daffodils, and a small blue butterfly. A green door is on the right side of the base.

**Left House (Fact Family 6, 2, 4):**

- Roof: 6, 2, 4
- Body:
  - $4 + 2 = 6$
  - $\square + \square = \square$
  - $6 - 2 = 4$
  - $\square - \square = \square$

**Right House (Fact Family 7, 5, 2):**

- Roof: 7, 5, 2
- Body:
  - $\square + \square = \square$
  - $5 + 2 = 7$
  - $7 - 5 = 2$
  - $\square - \square = \square$

---

$$\boxed{6} - \boxed{4} = \boxed{2}$$

$$\boxed{7} - \boxed{2} = \boxed{5}$$

$$\boxed{2} + \boxed{5} = \boxed{7}$$

$$\boxed{2} + \boxed{4} = \boxed{6}$$
