The West Midland Safari Park is a fascinating place to visit in the UK. You can take your car and drive around the park slowly, or there's a train that goes through the middle of the park. The train is faster than the car, of course. In the Safari Park you can see amazing animals, such as elephants, tigers, lions, zebras and camels. There are over six hundred animals there, including some white lions. They're very unusual and you don't see them very often. You have the chance to feed some of the animals, too. But they only eat special animal food, so don't give them hamburgers or chocolate!

- 1 It's a good idea to visit the West Midland Safari Park.
- 2 You can drive around by car, or you can take a train.
- 3 Examples of the animals you can see are camels, zebras, lions, tigers and elephants.
- 4 There are more than over six hundred animals in the park.
- 5 It's amazing to see some white lions because they're very unusual.
- 6 You can only feed the animals special animal animal food.
