Forget about tennis, swimming or skiing. Walking is the easiest and cheapest way to stay fit. It's free, you don't need special clothes, you don't need a trainer or a special place. Anybody can do it any time: young people, older people, alone or in groups. OK – perhaps it's not really a sport, but it's the most popular physical activity and one of the best ways to stay healthy. Walking is good for your heart and your legs; regular walkers say they sleep better and feel happier; and smokers say they don't smoke so much. There are walkers' clubs all over the world. Join one – walking is a great way to meet people and make new friends.

1. The article is about the benefits of walking.
2. Walking isn't expensive.
3. You need good shoes.
4. Age isn't important.
5. Walking isn't good for smokers.
