SKILLS

Writing an article, direct and indirect questions

Check the advice for writing Articles in the SB on pages 52-53 and write your own article about the city of the future (SB p.53 ex.H). Try to use some ideas from the useful expressions box to make your article more engaging!

You can check this video to get more ideas on how to write an essay. There are 3 parts but I think part 1 is the most interesting one.
