### Five friendly farmers

Five friendly farmers  
wake up with the sun.  
For it is early morning  
and the chores must be done.

The first friendly farmer  
goes to milk the cow.  
The second friendly farmer  
thinks he'd better plough

The third friendly farmer  
feeds the hungry hens.  
The fourth friendly farmer  
puts the piggies in their pens.

The fifth friendly farmer  
picks the ripe corn.  
And waves to the neighbour  
when he blows his horn.

When the work is finished  
and the evening sky is red,  
five tired farmers  
tumble into bed!
