

## LINE OF SYMMETRIC

### Fill in the blanks

1. The line which divides a figure into two equal Halves is called the line of \_\_\_\_\_
2. I have no side no vertices and many lines of Symmetry. Who am I? \_\_\_\_\_
3. I have 4 equal sides and 4 lines of symmetry. Who am I? \_\_\_\_\_
4. I have 3 equal sides ,3 vertices and 3 lines of Symmetry. Who am I? \_\_\_\_\_
5. I have 4 sides,opposite sides are equal and I have 2 lines of symmetry. Who am I? \_\_\_\_\_
