

## IF CLAUSE

1. Match the pictures from the first column to those from the second column to make logical sentences:

2. Write down five sentences using If Clause Type I starting from the received cards :

- a)
- b)
- c)
- d)
- e)

3. Match the sentences from column A with those from column B in order to have logical conditional sentences:

| A                                                   | B                                                         |
|-----------------------------------------------------|-----------------------------------------------------------|
| If I won the lottery                                | <input type="radio"/> I would go to the disco more often. |
| If I were you                                       | <input type="radio"/> we would travel more.               |
| If we went to Italy                                 | <input type="radio"/> I would buy a car.                  |
| <input type="radio"/> If buses and trains were free | <input type="radio"/> we would eat pizza.                 |
| <input type="radio"/> Unless you studied more       | <input type="radio"/> you wouldn't pass the exam.         |
| <input type="radio"/> If I lived in Constanta       | <input type="radio"/> you shouldn't eat it.               |
| <input type="radio"/> If you didn't like the cake   | <input type="radio"/> I would study more.                 |
| <input type="radio"/> If I were younger             | <input type="radio"/> I would go to the seaside.          |

4. Finish the following sentences.

- a) If I had lived in the country \_\_\_\_\_
