

Hello, my name is Rita. I live in a small village in northern Scotland. Life is very hard here because days are short in winter and it's very cold.

I usually get up at 7, I wash my face and have breakfast. Then, I go to the bus stop to catch the bus to school. It's snowing now, so I grab my umbrella and my raincoat and go outside. My mum is preparing cookies for tomorrow's breakfast, she stays at home all day. I think today she's going to the small supermarket in the village. She often goes walking, but in this weather she's using her small car.

I arrive at school at about 8 :20 and classes start at 8 :30. I chat with friends for ten minutes and then we enter the school.

I like my teachers and I like school. My favourite subject is science and today we have science, but our teacher is sick, so there's a substitute. I don't know him, but he looks very nice.
