

Name: _____

December 09, 2020

HW pg. 72

- Complete the sentences with the missing numbers.
Then find the sums.

$$7 + 7 + 7 = \boxed{} \text{ groups of } \boxed{} = \boxed{}$$

$$2 + 2 + 2 + 2 = \boxed{} \text{ groups of } \boxed{} = \boxed{}$$

$$8 + 8 + 8 = \boxed{} \text{ groups of } \boxed{} = \boxed{}$$

$$6 + 6 + 6 + 6 = \boxed{} \text{ groups of } \boxed{} = \boxed{}$$

- Draw the chocolates in the boxes to find the answer.

Olga buys 5 boxes of chocolates for her family. Each box has 2 chocolates. How many chocolates does Olga buy?

Olga buys _____ chocolates.
