My home town:

Hello! I am Mateo, and I am from Córdoba, Argentina. It is a big province in the center of the country. There are about 1.4 million people in Córdoba. It is an old province and there are some great places here.

Sarmiento Park is in the center of the city and it is big and beautiful. There is a big, modern amphitheater in the park, called The Greek Theater. The city's Natural Science Museum and the zoo are in the park, too.

There are lots of churches and museums in the city. The Cathedral on San Martín square is awesome. It's over three hundred years old. There is a big statue of General San Martín in front of the cathedral, in the center of the square.

My school is in my favorite neighborhood. It is near the Manzana Jesuítica. It is in the old part of the city and there aren't cars here. It is a fantastic place. Patio Olmos is also nearby. It is a great shopping mall. There are over a hundred and fifty stores and a cinema :)
