The Robot

Ben and Rachel like to make things. One day Ben asked Rachel if she wanted to create a robot. Rachel was thrilled. She had always wanted to invent a robot. They used an old metal frame and some glue. They walked to the lake and found some old stones as well.

"The robot looks great!" they smiled and gave each other a high five.

Answer the questions.

1. Find 3 magic e words. Write them on the lines

_____ _____ _____

2. What does Ben ask Rachel to make with him?

_____

3. What 3 things did they use to make the robot?

_____ _____ _____

Bonus*** If you had a robot, what would you design it do? On a piece of paper, design your own robot. What will you use to make it? Be sure to tell what it can do. Add color and label the parts to your robot.
