

## PRACTICE TEST C

Read the text and circle the correct option, true (T) or false (F).

### Dublin – the friendly city

People don't usually think of capital cities as friendly, but people told me that Dublin is the exception, so I went there to see if it was true – and it was! Local people say 'hello' to you like an old friend. They want to know everything about you and about your day.

The tourist guides are really friendly and the bus drivers on the tour buses tell interesting stories about the buildings and monuments they go past. When you want something to eat, the Temple Bar area is the most popular place to go. In restaurants, Irish people want you to be happy. They often sit you at tables with other people, and the waiters tell jokes when they serve the food to make you laugh. In general, the food is great and not very expensive, there are lots of things to see, and hotels are cheap. More than 9 million people visited Ireland last year. So if you're trying to find a place to visit for your next holidays, definitely Dublin is the city to go. You won't regret it!

### "The Amazing Race"

I love the idea of adventure 0) and exploring that's why my favourite TV programme is "The Amazing Race". This TV programme is 1) an American game show and it's really exciting. In the show, 2) there are different teams and they race against each other around the world to win 3) a big prize. There are two people in each team and they need to be strong 4) so the race is really difficult. The race 5) takes the teams all around the world and uses lots of different types of transport such as planes, boats, taxis, bikes, cars and also helicopters! The presenter tells the team 6) that they have to go. The last team to arrive at the place leaves the show. When there are only three teams, they race to the final place. The winners take a lot of money 7) for them. Last year, Shelly and Dave were the winners and with the money they 8) bought a new house and a boat. I love the show because you 9) can see beautiful places all over the world. One day I want to 10) travel on the show.
