## Useful structure:

### Expressing distance with "离"

#### In the Statement:

Place1 + 离 Place2 + Adv + 远 / 近。

this pattern is normally used to simply express that one place is (not) close or (not) far from another place.

#### in a Question:

Place 1 + 离 + Place 2 (+ Adv.) + 近 / 远 + 吗?

(Yes/No question): Is close/ far these 2 places

Place 1 + 离 + Place 2 (+ 有) + 多远?

"How far is it between 2 places?"
