

## 2 Think and write.

Look at the adjectives and write the comparative for each adjective under the correct rule.

- |       |       |        |      |        |      |
|-------|-------|--------|------|--------|------|
| big   | cold  | hungry | fast | lonely | hot  |
| large | noisy | tall   | wide | rare   | thin |

If the adjective has:

### comparatives

one syllable and ends with **-e**, then we add **-r**.

one syllable, one vowel and ends with a consonant, then we double the consonant and add **-er**.

one vowel and ends with more than one consonant, then we add **-er**.

two syllables and ends with **-y**, then we take away the **y** and add **-ier**.
