IMPROVE YOUR APPEARANCE AND DO YOURSELF HARM

For those of us who lead busy lives, it's very tempting to take a short cut to looking good. Why bother to keep fit and have a balanced diet when you can look good the easy way? But before you decide that looking after yourself is all too much effort, think again.

A

There's nothing like a suntan to make you feel good. Spend all day doing nothing on a beautiful beach and you'll look better at the end of it. A light tan will make you look younger and healthier, but there is increasing evidence that sunbathing and using sunbeds are directly linked to skin cancer. In the long term, it also ages the skin. If you want a tan, you may do better getting it out of a bottle.

B

If you want to change the colour of your hair, why not just do it? A quick visit to the hairdresser can make you sunnier, more attractive and improve your self-image a great deal. The problem is how long it will last. When the dark roots start to show again, it's back to the salon. One visit too many and you can seriously damage your hair. In the end, there is a danger that it will even fall out.

C

You may not think that a tattoo would improve your appearance, but it's certainly fashionable, and for many people that's the same thing. A little red rose on your shoulder can seem like a good idea at the time, but how do you get rid of it later? Worse still, there's a very real danger of getting a serious disease such as HIV or hepatitis from dirty needles if you go to an unqualified tattoo artist.

D

The bad news is that if you want to look good and stay looking good, you will have to accept the facts. A hectic life style is no excuse. For the face, there's nothing better than a good night's sleep, because it is at night that the skin repairs itself. For the rest of your body, make sure you have a good diet and keep active. That's all there is to it. Sorry! No one said it would be fun.

Task A Match the heading to the paragraph. There are two extra headings.

- 1 Perhaps too risky
- 2 Beauty and the beach
- 3 Not a lasting solution
- 4 No miracles
- 5 Which tattoo?
- 6 Latest colours

A

Task B Find words in the text that mean:

- 1 yellowish-brown colour on the skin (noun) _____
- 2 remove _____
