**Read and listen.**

On Friday Ann went shopping near her flat. There are lots of good small shops in her area. First she went to the bank to get some money. Then she went to the butcher's to get four chops. At the greengrocer's she got baby potatoes, onions, green beans and leeks. She wanted some stamps but the post office was closed. It was lunchtime. She went to the baker's and got fresh bread and four small cakes. On her way home she got a book of ten stamps with her newspaper from the newsagent's.

How many places did Ann go to? \_\_\_\_\_

Name them:
