READING 2 (Items 5–10)**(3 marks)***For each question, write a short answer (not more than FOUR WORDS).*

Dear Sara,

Hello. How are you? I hope you are fine. I'm writing this email to you about my visit to the zoo.

Last week we went to the Dehiwala zoo. I went with my father, mother and brothers. We reached the zoo at around 12.00 p.m. We bought tickets and entered the zoo. First we went to see the birds. There were many birds of beautiful colours.

We also saw lions, tigers, bears, monkeys and cheetahs. The monkeys were very cute and I fed them. We also saw many other animals such as crocodiles, fishes, chimpanzees and apes.

After that we walked along the lanes of the zoo. We went to the Aquarium. There we saw many varieties of fish such as Nemo, Catfish and Capfish. Then we went to a shop where we ate popcorn. After that we sat under a tree and had our lunch. At 4.00 p.m. we returned home. We will never forget this trip.

Have you ever been to the zoo? Write to me soon.

Mai.

5. Which zoo did Mai go to last week ?

6. Who did she go to the zoo with?

7. What animal did she feed ?

8. Where did they have their lunch ?

9. When did they return home ?

10. Who is the email to ?

Listening 1

2. in my free time I really love reading books. It helps me get new information and learn new words.
3. my father's favourite hobby is photography. He likes to take photos for all the family gathering and trips.
4. sami is a very adventurous person. He likes to practice dangerous activities in his free time. He likes skating the most.
5. my teachers asked my group to make a paper model bird. I think this book will help me on how to make one.

Listening 2

The red wolf is an endangered animal that lives in the wilds in north America. In 1970 people thought that the red wolf was extinct because of the loss of habitats but it was reintroduced to the wild by the American government.

It is called red wolf because of the color of its fur which is brownish red . it has board nose and large looking ears for the size of its head. It is a very social animal and likes to live and hunt in groups. They usually hunt small animals like rabbits, raccoons and small birds.

Today the red wolf is no longer extinct in the wild since their reintroduction in 1987. Now the population is thought to be just over 100 red wolf.
