

Writing

One of the best films I have ever seen is *The Last King of Scotland*, starring Forest Whitaker. His performance as Idi Amin is (1) and cleverly illustrates how strange Amin's behaviour was at times.

Alongside Whitaker, newcomer James McAvoy displays some (2) as the young Scottish doctor Nicholas Garrigan, who arrives in Uganda just as Amin takes power and who eventually becomes his personal doctor.

Uganda has some amazing landscapes and the film's (3) show us the real beauty of the country. The (4) , based on a novel by journalist Giles Foden, blends fact and fiction in a very clever way, sweeping us along with the (5) that were such a tragedy for Uganda in the 1970s. There are a number of scenes of (6) and the film is frequently disturbing because of this, but at the same time it is totally gripping.

Last but not least, there is a (7) , with a wide range of African music that will have you dancing in your seat at times. I thoroughly recommend this film to you.
