**TASK : LISTEN to the FOLLOWING AUDIO and FILL in the GAPS:**

People say that \_\_\_\_\_ is in the \_\_\_\_\_ of the beholder. That means if someone thinks \_\_\_\_\_ else is beautiful, then they are beautiful. I think the idea of beauty is \_\_\_\_\_. Why do we think some things or some people are beautiful and others \_\_\_\_\_? Some people think a \_\_\_\_\_ is beautiful, while others think the opposite. People nowadays \_\_\_\_\_ too much \_\_\_\_\_ and \_\_\_\_\_ on beauty. I agree with the expression, “beauty is only skin \_\_\_\_\_. This means that what’s really important is someone’s \_\_\_\_\_ and character, not what they look like on the \_\_\_\_\_. It’s a little strange, and unfair, that you have to be beautiful to be a top actress or even a news reader on TV. I think there should be \_\_\_\_\_ rights for most of us “non-beautiful” people.
