

Instructions: A Christmas picture has replaced a number in each multiplication sentence. Write the value of the picture on each line that makes the equation true.

$1 \times \text{sock} = 4 \quad \text{sock} = \underline{\hspace{2cm}}$

$4 \times \text{bell} = 24 \quad \text{bell} = \underline{\hspace{2cm}}$

$4 \times \text{Santa} = 20 \quad \text{Santa} = \underline{\hspace{2cm}}$

$5 \times \text{tree} = 15 \quad \text{tree} = \underline{\hspace{2cm}}$

$6 \times \text{snowman} = 36 \quad \text{snowman} = \underline{\hspace{2cm}}$

$7 \times \text{Santa} = 42 \quad \text{Santa} = \underline{\hspace{2cm}}$

$8 \times \text{tree} = 56 \quad \text{tree} = \underline{\hspace{2cm}}$

$5 \times \text{snowman} = 40 \quad \text{snowman} = \underline{\hspace{2cm}}$

$6 \times \text{Santa} = 0 \quad \text{Santa} = \underline{\hspace{2cm}}$

$5 \times \text{bell} = 35 \quad \text{bell} = \underline{\hspace{2cm}}$

$7 \times \text{sock} = 21 \quad \text{sock} = \underline{\hspace{2cm}}$

$8 \times \text{Santa} = 32 \quad \text{Santa} = \underline{\hspace{2cm}}$

$8 \times \text{tree} = 16 \quad \text{tree} = \underline{\hspace{2cm}}$

$9 \times \text{sock} = 54 \quad \text{sock} = \underline{\hspace{2cm}}$

$3 \times \text{snowman} = 27 \quad \text{snowman} = \underline{\hspace{2cm}}$

$2 \times \text{bell} = 14 \quad \text{bell} = \underline{\hspace{2cm}}$
