

Make sure you type 1 number in each box!!!

(even the boxes on top of the problem)

[illegible]

The image shows four 4x4 grids illustrating the steps to solve a problem. Each grid has two empty boxes above it for the answer.

- Grid 1:** The second row contains the numbers 7, 8, and 9. The third row contains an 'x' in the first column and a 2 in the fourth column. The bottom row consists of four empty boxes.
- Grid 2:** The second row contains the numbers 4, 5, and 2. The third row contains an 'x' in the first column and an 8 in the fourth column. The bottom row consists of four empty boxes.
- Grid 3:** The second row contains the numbers 5, 8, and 3. The third row contains an 'x' in the first column and a 5 in the fourth column. The bottom row consists of four empty boxes.
- Grid 4:** The second row contains the numbers 6, 8, and 3. The third row contains an 'x' in the first column and a 7 in the fourth column. The bottom row consists of four empty boxes.
