

Final Exam

Junior 3

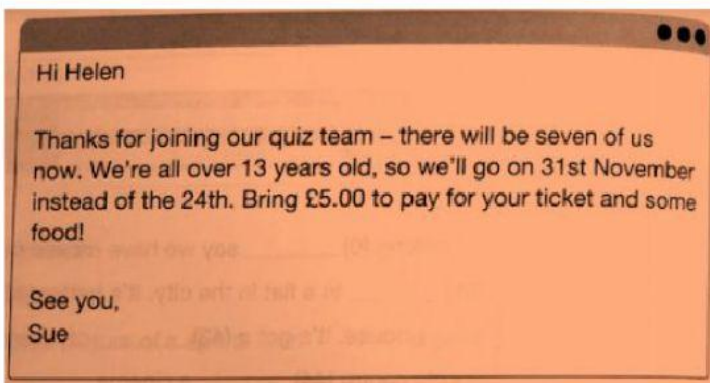

1. Read and choose the right option

Last night I saw _____ very interesting programme on TV. It was about an orchestra from Venezuela. A composer called José Antonio Abreu started the orchestra _____ 1975 with just eleven poor children. Some of the young musicians were always in and out of trouble. _____ orchestra helped them. Now the project is bigger and _____ important than before. It now helps 250,000 children and _____ are over 200 local orchestras. Today they play in some of the _____ important concert halls in America and Europe. Some experts think they are better _____ a lot of other professional orchestras. The famous Plácido Domingo, one of the best opera singers _____ the world, cried when he heard them play! More countries are starting similar projects to help young people escape.

2. Read the advertisement and the note. Complete the information in Helen's notes.

Quiz Evenings
Manor School
6-8 people per team
Age 10-12: 24 November
Age 13-15: 31 November
7 p.m. - 10 p.m.
Tickets: £3 per person
Drinks and snacks from 50p
Prizes:
1st: Cinema tickets
2nd: T-shirts

Hi Helen

Thanks for joining our quiz team - there will be seven of us now. We're all over 13 years old, so we'll go on 31st November instead of the 24th. Bring £5.00 to pay for your ticket and some food!

See you,
Sue

Helen's notes

Quiz evening

Place: _____

Date I will go: _____

Number of people in my team: _____

Cost to do the quiz: £ _____

Time quiz finishes: _____ P.M

Prize for best team: _____

3. Read and choose the right option

Qizai the panda

Most giant pandas are black and white, but not all. In the last 25 years, seven brown pandas have been seen in China, and Qizai is one of them. Qizai was born in the wild, but now he lives in a nature reserve – an area where animals are looked after, but have more space than in a zoo.

When Qizai was only two months old, his mother, who was black and white, left him alone in the mountains, and he became thin and sick. Luckily, someone found him. At first, he was put with other pandas, but they always stole his food, probably because he looked different. Now Qizai has his own space to live in. Qizai doesn't move

or eat as fast as the other pandas, but he eats the same plants. Like the other pandas, when someone calls his name he goes to them.

Qizai is from the Qinling Mountains. Most of the pandas there are black and white, but even some of the black and white pandas have areas of brown hair. Brown pandas have the same size teeth as other pandas, but because their heads and bodies are not as big, their teeth look bigger.

Qizai is now old enough to be a father. Scientists think his babies will help them to understand more about why some pandas are born with his unusual colour.

1. How many brown pandas have been seen?

A. 1

B. 7

C. 25

2. Where does Qizai live?

A. in a zoo

B. in the wild

C. in a nature reserve

3. Qizai's mother...

A. stopped looking after him

B. was also brown

C. became ill.

4. Qizai lives alone because...

A. other pandas take his food

B. he needs more space

C. he looks different

5. How is Qizai different from other pandas?

A. He knows his name

B. He eats special food

C. He moves more slowly

6. Brown pandas...

A. are smaller

B. have bigger teeth

C. have some black and white hair

7. Who do scientists want to study?

A. Qizai

B. Qizai's babies

C. Qizai's father

4. Read the text. Are these sentences about Angelina Jolie (AJ), Oprah Winfrey (OW) or both (B)

They're rich and famous. Oprah Winfrey and Angelina Jolie also give money to help others.

Oprah Winfrey is one of the most famous TV presenters in the world. Now, she's also an important and successful businesswoman. She became the first ever African-American billionaire. But her life as a child was difficult and she knew all about poverty. Perhaps that's why she helps people with her money. For example, she gave money to help the victims of Hurricane Katrina in New Orleans. And she went there and helped them in person. In 2007, she also began a school in South Africa to help poor girls to get a good education. She even has her own charity organisation, Oprah's Angel Network.

Angelina Jolie is one of the most famous actresses in the world. And she uses her money and fame to help other people. For example, she does a lot of work for an organisation called UNHCR. This organisation helps refugees – people who have to leave their homes and live in camps. She often visits these places to help the people. But she uses her own money to pay for her trips and she doesn't sleep in five-star hotels. She works and lives in the same conditions as the people who work for UNHCR. Angelina helps other charities too, such as the charity Yele Haiti. This was started by her friend, hip-hop musician Wyclef Jean. It helps poor people in Haiti. Thanks to all her charity work, Jolie was the first person to win the Citizen of the World Award.

Angelina Jolie

.....
Oprah Winfrey

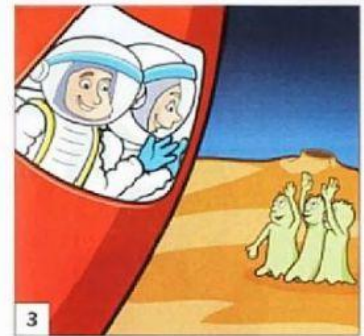

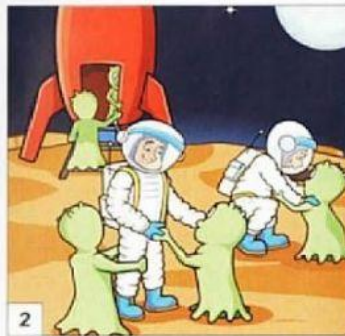

1. She received an award for her charity work.
2. She started her own organization to help others.
3. She does two or three different jobs.
4. She visits people who need help.
5. She had problems when she was young.
6. She doesn't want special conditions when she goes to help other people.
7. She went from having no money to having lots of money.
