

Students:

Project: #1 Analogy:

I am comparing a (PLANT or ANIMAL) Cell to a

1. Choose your analogy object (school, mall, house, football field, ...)
2. Fill in the chart below front and back: You need to use at least 7 vocab : SHOW THE TEACHER
3. Design your analogy – draw a sketch on paper: SHOW TO TEACHER
4. Draw and label on poster paper
 - Title the poster with the name of your analogy
 - Label the organelle and its analogy part
 - Fill up the paper

Organelle	Function of organelle in CELL	The part that matches the organelle in your analogy	The Function of that part of your analogy
Cell Membrane			
Cytoplasm			
Nucleus			
Vacuole			
Chloroplast (if plant)			
Mitochondria			
Cell Wall (if plant)			

Ribosome			
ER			
Lysosome			
Golgi body
