

FORMATION TECHNIQUES: VACUUM FORMING (Thermoforming Process)

<https://youtu.be/alq3RDZN4jo>

Watch the video. Then order the stages that are followed in this technique. Use this sentences:

ESPAÑOL	NOUNS	VERBS	OBJECTS 1	OBJECTS 2
Extraemos el aire debajo de la lámina.	We	is pulled		
Entonces usamos un calentador para calentar el molde y ablandar el plástico.	We	leave	the air	to heat the mould and soften the plastic .
La forma deseada es creada.	The plastic	put	against the inside walls	<u>into</u> a mould .
El plástico es empujado contra el interior de las paredes del molde con forma.	The desired form	is created .	plastic sheets	of the shaped mould .
Dejamos el molde enfriar.	We	use	the mould	below the sheet .
Ponemos láminas de plástico dentro del molde.	We then	extract	a heater	to cool.
