

It's a large empty place with lots of sand. Who lives there? Not so many animals, just snakes, scorpions, camels and some birds. It's very hard to survive without water, you know!

It's a large area where many different trees and plants grow. Lots of people like to come here to look for mushrooms, berries and just to have some rest. Here you can find hundreds of animals and birds: hares, foxes, bears, wolves, mice, owls,

squirrels and many many others.

It is located very far from us and you can see it only at night. It's usually yellow or almost white. Only stars surround it.

It's a place where the water runs down from the hill or mountain. It can be dangerous to swim here! People sometimes come here to take photos and to enjoy the beautiful view.

It's a home for fish, crayfish and ducks. It can be deep but people can

swim here in summer. Also some people come here for fishing or for camping.

It's a large deep place where fish, crabs, jellyfish, turtles and lobsters live. The water here is salty and blue. We love spending time here on holidays! If you are lucky, you can find a perfect shell for your collection here.

It's a very high hill which can be thousands meters high. It can be very cold on the top of it and there is snow sometimes even in summer.

It's a high mountain with a hole in the middle where there is a very hot lava. People don't come here because it's quite dangerous. Animals and

birds also avoid this place.

It is a place with a lot of water but it doesn't flow anywhere. We can find fish and some animals there and many people come here for fishing and for some rest. It can be in the middle of the forest or near the mountains.

THERE IS A LEGEND THAT SPONGE BOB LIVES ON THE BOTTOM OF IT
