Name: _____

My Christmas

Hello,

I am Suzy. I am 12 years old. I live in London, UK. I have 2 brothers, Drake and Ben. They are twins and they are 1 year older than me. Christmas is our favorite time of the year! We love getting presents from everyone and bake cookies with my mom.

My parents decorate (يُزيّن) the house every year for Christmas and put on (يَضع) lights (أضواء\مصابيح) all around (في جميع أنحاء) the house. It is the most (الأكثر) beautiful house in our neighbourhood. My parents like to have family over to celebrate (الأحتفال) Christmas together and have a party, as well.

We would all gather (يَجْتَمِعُ) in the living room and sing holiday (عيد) songs while my uncle Joe plays the piano. Then we would have a nice meal and a large cup of hot chocolate.

After we have dinner, my family and I would gather around the Christmas tree in the living room and open presents. My favorite part of Christmas is receiving (تَلَقّي) and giving gifts. This Christmas I got a book, a teddy bear (دُمية دب), a bag (حقيبة), and a pretty red dress. I love all of my presents! I wish you and your family a merry Christmas and a happy new year. Hope you enjoy Christmas as much as I do!
