

4 Geometria

Begiratu arretaz, pentsatu eta erantzun.

- Lerro gorria simetria ardatz bat da?
- Eta leerro berdea?
- Egin dezakegu beste simetria-ardatz bat?
- Izan dezake irudi batek simetria-ardatz bat baino gehiago?
- Gerta daiteke irudi batek simetria-ardatzik ez izatea?

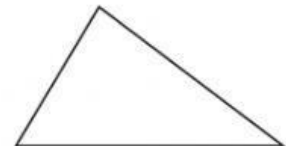

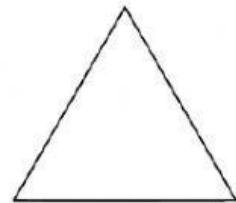

Begiratu arretaz irudiak eta lotu.

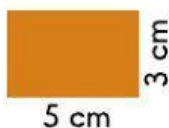

triangelu
isozelea

triangelu
aldeberdina

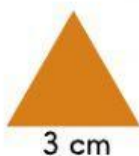

triangelu
eskalenoa

Kalkulatu irudi hauen perimetroa:

$$\square + \square + \square + \square = \square \text{ cm}$$

$$\square + \square + \square = \square \text{ cm}$$
