

"Everything Black"

Shadows _____ my heart

I _____ the moon

I wait for you to _____

You _____ me _____ in the dark (dancing in the dark)

I've _____ my eyes

But I won't _____ tonight

Baby, you _____ come with me

I'll _____ you to the dark _____

Me and you, you and me

Do bad things in the night time

Baby, you should come with me

And we can _____ the _____

Hit the lights, _____ it _____, _____

Hit the lights, _____ it _____, _____ (woo!)

Black _____, black _____, black _____, black _____

Black, everything black

Black _____, black _____, black _____

Blackout, black, everything black

Black, everything, everything

All black, everything, everything

All black, everything, everything

All black, everything, everything black

In a nocturnal state of _____

_____ of the night

But it's the only way _____

This black hole's _____ me inside

Of this black _____, this black _____

Underneath this black, black _____

Baby, you _____ come with me

I'll _____ you to the dark _____

Me and you, you and me

Do bad things in the night time

Baby, you should come with me

And we can _____ the _____

Hit the lights, _____ it _____, _____

Hit the lights, _____ it _____, _____ (woo!)

Black _____, black _____, black _____, black _____

Black, everything black

Black _____, black _____, black _____

Blackout, black, everything black

Black, everything, everything

All black, everything, everything

All black, everything, everything

All black, everything, everything black

Baby, you _____ come with me

I'll _____ you to the dark _____

Me and you, you and me

Do bad things in the night time

Baby, you should come with me

And we can _____ the _____

Hit the lights, _____ it _____, _____

Hit the lights, _____ it _____, _____ (woo!)

Black _____, black _____, black _____, black _____

Black, everything black

Black _____, black _____, black _____

Blackout, black, everything black

Black, everything, everything

All black, everything, everything

All black, everything, everything

All black, everything, everything black.
