

**Complete the sentences using the words in the box:**

Stratosphere   ozone layer   troposphere   layers   air   breathe
---

The atmosphere has three \_\_\_\_\_. They surround the Earth. The first is the \_\_\_\_\_, which contains the \_\_\_\_\_ we need to \_\_\_\_\_. In the third layer there are few gases. The second layer is called the \_\_\_\_\_. This contains the \_\_\_\_\_ which protects us from the Sun's harmful rays.
