States of Matter

Let's learn some facts about states of matter.

Matter is everything that we come across in our lives and what everything is made from. All things like the air you breathe, the clothes you wear, cool drinks, food, shoes clouds, your eyeballs-everything, is made of some type of matter.

In fact, did you know that you are made of matter too?

When we talk about the states of matter, we mostly talk about **SOLIDS**, **LIQUIDS** and **GASES**.

Solid

Liquid

Gas
