

## Continents and Oceans

There are five continents: Australia and Oceania, Europe, North America and South America, Africa and Asia.

The biggest continent is Asia: Africa is the second largest continent.

The smallest continent is Australia.

There are five oceans: Atlantic, Pacific, Indian, Arctic and Southern.

There are more than 170 independent countries in the world.

The Equator divides the Earth into the Northern and southern Hemispheres.

■ Complete.

Continents	Oceans

■ Where do you live? .....

■ Do you live in Northern or Southern Hemisphere? .....

■ True or false.

True      False
