

1. Реши задачите като попълниш верните цифри. Направи проверка.

$$14 - 5 = \square$$
$$14 - \square - \square = \square$$

Пр. $\square + \square = \square$

$$14 - 9 = \square$$
$$10 - \square + \square = \square$$

Пр. $\square + \square = \square$

$$14 - 8 = \square$$
$$14 - \square - \square = \square$$

Пр. $\square + \square = \square$

$$14 - 7 = \square$$
$$\square - \square + \square = \square$$

Пр. $\square + \square = \square$

$$14 - 6 = \square$$
$$14 - \square - \square = \square$$

Пр. $\square + \square = \square$

$$14 - 8 = \square$$
$$\square - \square + \square = \square$$

Пр. $\square + \square = \square$

$$14 - 7 = \square$$
$$14 - \square - \square = \square$$

Пр. $\square + \square = \square$

$$14 - 5 = \square$$
$$\square - \square + \square = \square$$

Пр. $\square + \square = \square$
