**Passage 1: I Love School**

I love school! Oh, yes I do!  
It's here that I spend much time.  
I love being in a place  
That stimulates my mind.

I love school! There is no doubt.  
It's indeed my favourite place.  
I love everything about it.  
Cant' you see the smile on my face?

I love school. Why don't you?  
It's really the place to be.  
Much fun, friends and food too  
I love being here from nine 'til three.

Any more time would be misery!
