
3 Put the lines of this text about the Dubai Metro in the right sequence.

The Dubai Metro system is very new and very modern - it opened

- a** 100,000 people, which represents about 10% of the population of Dubai, used
- b** driverless system in the world, but it is not the only one. More than
- c** class, which is the standard class that most people use.
- d** the metro on the first day. It was the second metro system
- e** in 2009. It has only two lines, the Red Line and the Green Line, so it is easy
- f** around 600 passengers seated and standing. There are three classes of
- g** in the Arab world - Cairo was the first. The trains are designed to carry
- h** to understand and use. It is over 70 km long. In fact it is the longest
- i** carriages: Gold Class, Women and children only class, and Silver
