

Name _____

make a 10 to add

$$8 + 4 = \boxed{12}$$

Diagram: A blue oval surrounds the 8 and 4. Two lines connect each number to a circle containing the number 2.

$$\underline{10} + \underline{2} = \underline{12}$$

$$9 + 7 = \boxed{}$$

Diagram: Two lines connect the 9 and 7 to two empty circles.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$6 + 5 = \boxed{}$$

Diagram: Two lines connect the 6 and 5 to two empty circles.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$8 + 8 = \boxed{}$$

Diagram: Two lines connect the 8 and 8 to two empty circles.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$7 + 6 = \boxed{}$$

Diagram: Two lines connect the 7 and 6 to two empty circles.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

$$9 + 5 = \boxed{}$$

Diagram: Two lines connect the 9 and 5 to two empty circles.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$
