

Independent Practice

Identify the ordered pair that names each point. Then identify the quadrant in which it is located. (Example 1)

1. *R*

2. *G*

3. *B*

4. *T*

5. *C*

6. *A*

Identify the name of each point. Then identify the quadrant in which it is located. (Example 2)

7. $(-2.5, 1.5)$

8. $(1, 1.5)$

9. $(0.5, -2.5)$

10. $(2, -0.5)$

11. $(-0.5, 0)$

12. $(-1, -1.5)$
